Dear Friends:

I am honored to wish an Eid Mubarak to my friends of the Muslim faith. As the month of Ramadan comes to an end, many Texans and Americans will continue practicing self-reflection and expressing appreciation within their communities.

I want to commend Islamic Relief USA for their dedication to serving our most vulnerable neighbors. By providing food distribution, medical screenings, job support, and a disaster management team, your efforts are impacting those most in need.

I am grateful for your dedication to our communities and wish you peace and prosperity during this year's Eid-al Firt celebration and in the many years to come.

Sincerely,

JOHN CORNYN
United States Senator
