LIBYA FLOODS

— one year later —

IMPACT REPORT LIBYA FLOODS

PROJECT IMPACT

In September 2023, heavy rainfall brought by Storm Daniel caused major flooding in Derna, Libya. Thousands of people were killed and entire neighborhoods were swept away, leaving thousands more displaced. In response, Islamic Relief USA worked with local partners to provide immediate emergency aid including food and essential non-food items to families in need. To this day, we continue to focus on long-term development aid.

SUSTAINABLE LIVELIHOOD SUPPORT

The goal of this project is to help rebuild businesses affected by the flood and improve local income generation.

Start date: September 2024
Proposed close date: November 2025

50

PROPOSED NUMBER OF PEOPLE SUPPORTED

OVERVIEW

-  Training on business development, marketing, and other relevant topics
-  Mentoring local trainers on financial management
-  Cash assistance for **50** business owners

IMPROVING QUALITY OF LIFE

The goal of this project is to improve access to primary healthcare for flood-affected people across Libya as well as promote safeguarding for vulnerable women and children.

Start date: March 2024
